

## Haunted Talladega County (Haunted America)

Talladega County is known for its auto racing and rich southern history. Stories of the strange and supernatural, however, are just as prevalent. Like the story of Glorias bridge, where the spirit of a woman and her baby are said to appear when her name is called out. Or the ghost of a man and his dog wandering the forests of Cemetery Mountain. At Hill Elementary, the specter of a principal still patrols the grounds, watching over her students. Paranormal writers Kim Johnston and Shane Busby chronicle the strange, mysterious and ghastly past of Talladega County.
