With over 30 million copies sold since its original publication in 1960, Psycho-Cybernetics has been used by athletes, entrepreneurs, college students, and many others, to achieve life-changing goals--from losing weight to dramatically increasing their income--finding that success is not only possible but remarkably simple. Now updated to include present-day anecdotes and current personalities, The New Psycho-Cybernetics remains true to Dr. Maltz's promise: If you can remember, worry, or tie your shoe, you can succeed with Psycho-Cybernetics!
