

Ave Diabolos: Homosexuality As Mystical Experience ... And Other Esoteric Investigations Into Mankinds Spiritual Renaissance

Ave Diabolos aims to demonstrate that the phenomenal increase of male homosexuality (the Sin of Sodom); sexual ambivalence in men and the emancipation of women, are linked to the extraordinary leap of consciousness that humanity as a whole is undergoing in the present historical moment. Some of the issues presented:* The Galactic Alignment of 2012: the new worlds age that many ancient prophecies foresaw as beginning now... it has indeed begun, triggering devastating climate changes and geological upheavals;* New phenomena: spiritual beings visiting the earth & crop circles; spheres of light travelling at supersonic speed and collective ascension into the numinous interstellar ether; clairvoyance and new senses of perception (etheric vision); the coming of the Celestial Self.* Male-male love as a beautiful way in ancient times and the mystical-inziatic-esoteric aspects of the Gay Eros;* The meaning of Evil and the function of pleasure from a spiritual growth perspective and much ... much more.
