

## When Fear Crept In...

Fear creeps in in tiny increments. Nothing blatant or explicit. Fear simply creeps in. The more fear is allowed in, the more it shuts down the blessings in my life. Fear is a tool the enemy will use against you. Fear became a door the enemy would use to stop the flow of Gods blessings in every area of my life. Fear is not an enemy that you can see, taste or smell. Fear is an enemy that is invasive, yet subtle. Quiet, yet very destructive. Fear is an enemy to all mankind and a friend of Satan. Fear is not something we can quantify or justify - fear is fear. Join Dr. Jacquie Hadnot on a journey that will ask the question, Has fear crept into my destiny? This booklet is a sequel to her latest book, Closing the Doors to Satans Attacks Overcoming Fear.
