

## Bettersweet: Rebuilding from the Inside Out

Imagine waking up after 20 years of going through the motions of life, making decision after decision based on what others believe, think, or feel you should be doing, and then all of a sudden realize that you never really lived life, but have merely just gone through life with your eyes wired shut? Is it possible to reverse time and pick up at a point in your life when everything was picture perfect? Can you go back to a time and place where you did not have a care in the world, except maybe wondering if you would be allowed to play outside a little longer with your friends, or whether or not your parents would allow you to have ice cream after dinner? Not so! Life moves on and time does not stop or revert back for anyone. BetterSweet is my story and testament of how God can take a broken, wounded soul, and transform it into a beautiful, loving, strong, gifted and uplifted being. This book serves as a guide to help you wherever you may be in the stage of rebuilding, and encourage and inspire you to move forward and move on.
