

What is the Gospel?: A Summary of the Christian Faith

What happens when a person first comes to faith in Jesus Christ? To put it bluntly, he is immediately confronted with a world that he never knew before. There is a new vocabulary to learn, including words like atonement, justification and sanctification. There is a book that he once had no interest in—the Bible—that now consumes his time. He even finds that there is an organization, a church, that shares his new faith. But what does it mean to be a Christian? What must a Christian believe? This book was written to provide the answers to these and other related questions.
