

A very welcome addition to the largely scarce literature on the history of Middle Eastern-US relations in the area of economic development.

Choice Although the United States economic relations with the Third World have gone through various phases as political and fiscal conditions have shifted, Dr. Godfried contends that the main policy outlines established in the Middle East in the 1940s have dominated the American approach to Third World development ever since. His careful analysis of the issue traces the U.S. role in the North-South conflict over economic development and shows how U.S. development policy evolved during and after World War II, with particular reference to the Arab Middle East.

Process and Dipolar Reality: An Essay in Process, Event Metaphysics Rethinking Whiteheads Categorical-Scheme, The Gnostics and Their Remains, Ancient and Medieval, Ninja Tools and Weapons, Fenomenos paranormales (Infinito/ Infinite) (Spanish Edition), In Praise of Wisdom: Literary and Theological Reflections on Faith and Reason, Passover - The Reason for Our Life, The Battle of Bretton Woods: John Maynard Keynes, Harry Dexter White, and the Making of a New World Order (Council on Foreign Relations Books (Princeton University Press)), Life in the Open: Sport with Rod, Gun, Horse, and Hound in Southern California, The Use and Abuse of Time in Christian History (Studies in Church History), Cut to Kill: Deconstruction of Edged Combat (American Society) (Volume 1),
