

Found in the Middle!: Theology and Ethics for Christians Who Are Both Liberal and Evangelical

There exists a deep and broad population of Christians who feel the labels of liberal and evangelical both describe their faith and limit their expression of it. By working to reclaim the traditional, historical meanings of these terms, and showing how they complement rather than oppose each other, Wesley Wildman and Stephen Chapin Gardner stake a claim for the moderate Christian voice in today's polarized society. *Found in the Middle!* offers a foundational approach to the theology and ethics that undergird a congregation where moderate Christians can thrive. Wildman and Gardner serve as helpful guides on a quest for a humble theology, an intelligible gospel message, a compelling view of church unity, and a radical ethics deeply satisfying to most Christians with both liberal and evangelical instincts. Pastors, congregational leaders, seminarians, and all thoughtful Christians will learn how truly moderate Christianity can unite the compassionate openness and social activism of liberal Christianity with the magnetism and spiritual fervor of evangelical Christianity. You may feel lost in the middle, but you are not alone there. The middle may be the place where you find yourself living most authentically.
