

Designul Inteligent: Mesaj de la Designeri (Romanian Edition)

Cu multi ani inainte, oamenii stiau fara nici o indoiala ca pamantul este plat. Astazi, majoritatea oamenilor sunt siguri ca viata pe pamant a aparut datorita unei evolutii intamplatoare sau a unui Dumnezeu supranatural. Oare asa este? In cartea intitulata Designul Inteligent, Rael ne prezinta o a treia optiune: aceea ca viata de pe pamant a fost creata de oameni de stiinta foarte avansati, dintr-o alta lume. In timpul unei intalniri de gradul 3, din anul 1973, i-a fost data prima parte dintr-o serie de mesaje, fata in fata, de catre unul dintre acesti designeri.
