Shes the celebrated daughter of the dreamwalkers, a secret society whose members enter the Dream universe we all share and battle nightmares. If they fail, the emotional turmoil in the Dream could boil over and release nightmares into the World. Despite Joshs reputation as a dream walking prodigy, shes haunted by her mistakes. A lapse in judgment and the death of someone she loved have shaken her confidence. Now shes been assigned an apprentice, a boy whose steady gaze sees right through her, and shes almost as afraid of getting close to him as she is of getting him killed. But when strangers with impossible powers begin appearing in the Dream, it isnt just Will that Josh has to protect--its the whole World.
