The key to success is to dream big dreams and then go after those dreams with all that is within you, understanding that if you want to bring your dream to life, the problems don't matter. **CHOICES** It is not so much what happens to you but rather what happens in you! You have a choice in life. You can choose to be happy, choose to be healthy, choose to be wealthy. Success is a choice, not a chance! **PERSISTENCE** Life is going to say No! People are going to say No! But if you persist, then life will eventually have to say Yes! Persistence breaks down resistance. People are not finished when they are defeated, they are finished when they quit! Therefore, never give up! Persist! See your dreams turn into reality.
