

## Ladys Pursuit (Knight and Rogue Book 6)

Rescuing a damsel in distress should be the perfect job for a knight errant... Unfortunately this damsel is the liege heirs mistress, and figuring out what happened to her will bring Michael into close contact with the court the last thing an unredeemed man, who is dead to the law, needs. Not to mention that news of his ex-squire Fisks engagement might get back to Kathys father which might be worse than a brush with the law! But the heirs mistress is Kathys best friend, and it looks like she really has been kidnapped. Pursuing an abducted damsel across the realm, with no help from the law, would be tricky enough. When you throw in an assassin who vowed to slaughter unredeemed men, the task becomes downright daunting. But its nothing a knight errant cant handle...if he can figure out how to work with a partner who is no longer his squire.
