

## Flightless Bird (Flightless Bird Series: Book 1)

The summer of her seventeenth birthday Livy Eckels was faced with something she wasn't ready for. In the midst of a crumbling family, devastated, she grabs her bicycle and heads out of town to escape the heavy atmosphere at home. Livy unexpectedly crashes into the lives of two mysterious people living on the outskirts of town. As she prepares to start her final exhaustive year of high school, she already has enough on her plate. Then with the entrance of Gregory Mason, her life becomes even more complicated. Tall, handsome, and ever so annoying, Livy can't stand being around him until she finds herself being pulled closer and closer to things she cannot explain. She was determined to understand why Gregory Mason was so interested in her until she discovered something that may put her curiosity to an end. Before she knows what is happening Livy becomes entangled in the mystifying plots of a secret society, a vengeful ex-lover, and a situation she never expected to find herself in: falling in love with a boy whose secret she should have never known.
