

## Glo & Al

She was a 19-year-old beautiful girl who migrated from Virginia to up north with her mother, sisters and brother in the late 1940s. This was a trend during that time, when many black southerners went north to seek out a new life and opportunities. Brooklyn, NY is where Gloria and her family settled. She quickly went to work for a clothing manufacturer as many did during then, and jobs were plentiful. She met Oneatha, who introduced Glo to her handsome son, Al, also known as Alan. It was an immediate attraction, with love and marriage soon following. Glo and Al became the family ombudsmen as they developed many family and friend networks over the years and became the quintessential couple of love, family and marriage. Glo & Al is a short memoir that captures a culminating point and ending for two wonderful individuals who and gave so much to others. Inseparable all the way!
