

Happiness

So simple in concept yet often so mysteriously tricky in practice, happiness is many things to many people. To best-selling artist, humorist, and philosopher Edward Monkton, happiness is an excellent basis for another clever collection of his amusing and inspiring thoughts and drawings. In this one, titled simply enough, Happiness, Monkton points out that the secret of happiness, as with the answers to so many of life's grander mysteries, has been right in front of us all along. In Happiness, Monkton pairs his astute insights with his droll artwork to gain insight into this most-common-yet-elusive of emotions. Following the success of his stylish and highly original books *The Pig of Happiness* and *A Lovely Love Story*, Monkton has created a thoughtful and moving book that, like happiness itself, is appealing to us all.
