

Blind Corners

What you do in the dark is your business. Keeping it buried is hers. Jay Nova is a private investigator with a unique talent; she can read minds. But she can't control when it's triggered, what it reveals, or the blinding pain it causes. Especially the pain. The powerful stories in this illustrated crime collection are Street Sweeper, Cross Pattern, Down the Line, and Pressure Points. They include slick black and white illustrations and colorful dialogue that will thrust you into the crime-ridden streets where violence and lies are tools of the trade and each moment can be your last. Vicious crime lords, kidnapped children, hidden secrets, violence, and foul play; just another day at the office of Light Star Investigations.
