

Every short story needs a twist at the end, and this short story has one. But if you're not an L.D.S. parent... well, it won't be as easy to understand. Even so, it's hard to describe the story without giving it away. I'll settle for saying it's about love and loss and sadness—with a little twist. Others are welcome anyway, or you could try one of my other stories. They're made for everyone.
