

## Transplanted (The Grafters, Book 2): YA Paranormal Romance

The Grafters are dryad beings who guard the forests of the Appalachian Mountains. But an evil force stemming from a two hundred year-old curse threatens their existence... Stevie Sanders is having a challenging senior year in her new high school. If life wasn't already complicated with history papers, mean girls in gym class, and having a Grafter boyfriend, she has to help her depressed mother pick up the pieces of their torn family due to her monstrous stepfather Jackson. When Jackson returns to threaten Stevie and her boyfriend Kieran, along with the rest of the Grafters community, Stevie vows to use her powers to help Kieran protect his people. Yet the Grafters are suspicious, considering her an outcast. As loyalties shift and Stevie's relationships with friends and family come into question, can she learn to stand on her own beliefs?
