

## Fastwalker: A Novel

Internationally known UFO researcher Jacques Vallee brings together a vastly different group of people with only one thing in common--they all believe in UFOs. An Air Force pilot is killed over a secret base in Nevada, called Dreamland. Alien abductee Rachel Rand is being pursued by a cult of UFO believers convinced that the end of the world is near, and reporter Peter Keller is following any lead to solve the mystery of alien abductions. 2 cassettes.
