The great secret of life is to coordinate these two centers of our being (physical and metaphysical level) and to understand their functions. Through this knowledge, we can consciously co-operate the objective and subjective mind with one another and thus coordinate the finite and the infinite. The pendulum method opens a small door to this knowledge. Our future is in our own hands. It is not at the mercy of a capricious and unstable external power. The pendulum method of course gives no guarantee for the accuracy of the numbers obtained, but through a lot of practice with the pendulum and the resulting increased sensitivity, predictive powers actually take effect, which can help to prosperity and wealth. The starting point of swinging is always a question about what a positive, negative or neutral response is sought. The pendulum can rotate left or right, or on a line swing back and forth. Which movement represents what response is defined individually. At the pendulum method, the pendulum should swing on a line back and forth. Swinging with the pendulum is a very old technique, the application can be traced back several centuries. In the course of time the applications have expanded, particularly by modern pendant research. So that in these day, the pendulum is used in medicine, in fields such as physics, geology, archeology, meteorology,

agriculture, forestry, psychology, character customer, in areas .....
