

No Childs Game: Reality TV 2083

Hardcover. Five fourteen-year-olds are contestants on a reality TV show, Antarctic Survivor, which is set up to re-create Robert E. Scott's 1912 doomed attempt to be the first to reach the South Pole, in a world where adult reality TV involves real injuries and death. The producer of this new show has decided to push the boundaries of edu-entertainment and doesn't care if the contestants are hurt or killed - she only cares about ratings. Andrew, Polly, Robert, Billy and Grace all start off with different attitudes towards the show, but as they struggle ashore to Antarctica and deal with the first real disaster, they begin to understand how much trouble they're in. What they don't know is they have a secret ally, if only they will listen to him...
