

Preface To The First Edition (1913) THIS little book is intended for the use of beginners in the study of the Scriptures concerning the Lord's Return. It is entirely non-controversial, and no reference is made, therefore, to other views. The writer, however, is not unacquainted with them. Where a word of explanation not suitable for the text is called for, it takes the form of a note at the end of the book. THE First Edition of this little volume was issued in or about the year 1913, and was approved by Pastors Frank H. White and James Stephens, M.A., whose views were in accord with those found in its pages. While not committing themselves to all its details, Dr. Handley, O.C. Moule and Dr. Dinsdale T. Young also commended it with great cordiality. I recall the kindness of these servants of God, all now passed to their rest, with humble thankfulness. It is thirty-four years since it was first committed to print, but I have seen no reason to depart from the beliefs which it expresses, and in which I was nurtured; I have therefore gladly acceded to its being reprinted. I must not, however, commit any branches of Christian work with which I am associated to these my purely personal convictions. In that respect, in again issuing the booklet I represent myself alone.
