

Sects, Cults, and Spiritual Communities: A Sociological Analysis

American society is culturally diverse with a variety of religious denominations, sects, cults, and self-help groups vying for members. This volume analyzes nine of these groups, chosen both for their intrinsic interest and because they illustrate a variety of sociological concepts. The groups included in this study are: Heavens Gate, Jesus People USA, the Love Family, The Farm, Amish Women, Scientology, El Nino Fidencio, Santeria, and Freedom Park. The contributors are social scientists with first-hand knowledge of the groups they examine.
