

Nowhere Man

An outraged world once observed that Slobodan Milosevic used his own people like pawns. He spent them like poker chips simply to keep himself in power. All of us at times feel used, expendable, like our identity has been stripped away. In a world ravaged by Internet porn and homes without dads, innocent family members can feel like they're last week's leftovers. Does anybody care about me? What does God's Word say is the true source of our worth. Nowhere Man takes current stories and slices of human drama to paint a dramatic new portrait of VALUE . . . as measured by God's own bar codes. These ten essays describe the lasting worth each one of us can have as redeemed trophies of a heavenly Father. David B. Smith is the author of the ten-part Christian teen adventure series Nicky Stone.
