

The Last Changeling

A Kingdom At War . . . Elora, the young princess of the dark faeries, plans to overthrow her tyrannical mother, the dark Queen, and bring equality to faeriekind. All she has to do is convince her mothers loathed enemy, the Bright Queen, to join her cause. But the Bright Queen demands an offering first: a human boy who is a young leader of men. A Dark Princess in Disguise . . . To steal a mortal, Elora must become a mortal at least, by all appearances. And infiltrating a high school is surprisingly easy. When Elora meets Taylor, the seventeen-year-old who's plotting to overthrow a ruthless bully, she thinks she's found her offering . . . until she starts to fall in love. Praise: The Last Changeling weaves mystery, romance, and high school drama to speak to a variety of issues, including sexuality, social hierarchies, and parental failings. VOYA An enjoyable, erotically tinged romp. PUBLISHERS WEEKLY
