The Arab Spring, the continuing Israel - Palestine conflict... why does the Middle East dominate the news headlines so often? One obvious answer is oil, the lifeblood of our modern world. The crucial importance of oil alone ensures that the Middle East will remain in the headlines for years. The Middle East is also the birthplace of the world's three great monotheistic religions: Judaism, Christianity and Islam. It has also been the battlefield for each religion trying to control the territory they consider holy. Nowhere are these conflicts more obvious than in Israel, and specifically in Jerusalem. Whether you understand it or not, events in the Middle East are destined to affect the lives of every person on earth! Bible prophecy gives us the clues to understand what will happen. This ebook, *The Middle East in Bible Prophecy*, will help you better understand the troubled history of the Middle East and its tumultuous future.

Inside this Bible Study Aid ebook: It's impossible to understand the present Middle East without a knowledge of the three great religions that emanate from the area: Judaism, Christianity and Islam. These three faiths all trace their spiritual roots

back to the same individual, Abraham. However, conflict between Christians and Muslims has been a constant theme of history for 14 centuries. Many other factors have contributed to the rise of Islamic fundamentalism and subsequent terrorism, including the Israeli-Palestinian problem and the domination of American culture. After so much death and destruction, and centuries of war and unrest in the Middle East, imagine what a difference the second coming of Jesus Christ will make.
