

The Mindful Writer

Find inspiration and insight on writing as a spiritual practice through astute quotes, thoughtful advice, and productive exercises on both mindfulness and craft. This isn't your typical how-to writebook. Author Dinty W. Moore, a well-respected writing coach and teacher, thoughtfully illuminates the creative process: where writing and creativity originate, how mindfulness plays into work, how to cultivate good writing habits and grow as a person, and what it means to live a life dedicated to writing. The Mindful Writer features bite-sized essays that will delight and inform not only writers, but also other artists, mediators and mindfulness practitioners. Built around heartening quotes from famous writers and thinkers, it is a resource that readers will turn to again and again for guidance and encouragement. This edition includes a new introduction exploring the centrality of mindfulness in a writer's practice and craft as well as a selection of writing prompts to get you started on writing mindfully right away.
