

The Misfit of Supernatural High (Supernatural High Series Book 1)

15-year-old Wanda Windsor is not the most popular student at Hecate High. In fact, amongst her fellow witches, the fairies, the shifters, the vampires, and the werewolves, she's one of the least popular students. However, she never thought anyone hated her enough to try to attack her. During her sophomore year, someone uses mind control on other students to force them to hurt Wanda, and she manages to just barely escape each attack. Wanda isn't sure who would want to hurt her, but she's fairly certain it has to do with the introverted new student who has visions of the future. When she isn't dodging death, Wanda spends her time trying to pass Geometry, avoiding (unsuccessfully) the subject of boys, and getting into mischief with her friends.
