

The Westminster Handbook to Medieval Theology (Westminster Handbooks to Christian Theology)

This accessible reference work provides an extensive guide to the main theological features of medieval theology. Author James Ginther provides clear and compelling discussions of major Christian thinkers, socio-cultural developments, and key terms and concepts related to the period. Both students and scholars will find this an eminently useful resource for the study of medieval theology. The Westminster Handbook to Christian Theology series provides a set of resources for the study of historic and contemporary theological movements and Christian theologians. These books are intended to help students and scholars find concise and accurate treatments of important theological terms.
