

I didn't know I was a shifter until the hunters came to my school... When eighteen-year-old Beth receives a mysterious text from her deadbeat father not to go to school, why should she listen to him now? But when strangers show up in one of her classes hunting her and wanting her dead, she must uncover the truth about why and what exactly she is. Amar has been entombed in stone for centuries. He longs for freedom and only the blood of a shifter will set him free. After centuries frozen as a gargoyle, he doubts there are many of his kind left. Yet, Beth rescues him and more than his responsibility to protect her fills him. Before the race of hunters capture her, Beth and Amar must find her shifter dad in order to save all their lives.
