

## Shannons Gift: A Story of Love, Loss, and Recovery

In this raw, emotional memoir, Nate Bennett uses a blog to work through his grief over the sudden loss of his wife Shannon. He is surprised and comforted to discover a vast virtual community of support. His blog posts--alternately poignant and of dry wit--eventually attracted tens of thousands of hits and a following from readers who hadn't even known the couple or their sons. This unique book gives the reader a window into the starkness of a widower's grieving experience in real time. What comes through in virtually every post is his love for Shannon as he weaves in vignettes from their life together, chronicling their love story and his efforts to recover. And in the end, with the support of his virtual community and the strength he was able to draw from remembering Shannon's wishes for him, he finds love again.
