

## The Great Fraud: Unveiling the Discrepancies of the Jehovahs Witnesses Organization

No matter how its packaged, a lie is never true. IN HIS DEBUT LITERARY BOMBSHELL, Reverend Walter C. Harris, Sr., pastor of the Carey Tercentenary A.M.E. Church of Chicago, does a stunning instigative analysis of the Jehovahs Witnesses Organization (JWO) from both doctrinal and organizational perspectives. Married to a devoted Jehovahs Witness for over thirty years, Pastor Harris packs a powerful one-two punch of his personal experiences along with his apologetic prowess to critique the inconsistencies and discrepancies taught by the Watch Tower Bible and Track Society. In this informative book, Pastor Harris uncovers the JWOs recruitment tactics and their methodology to retain followers by forbidding them to read Christian literature, celebrate holidays or birthdays, and indoctrinating them through their own corrupted New World Translation of the Bible. You will be astonished of how a seemingly harmless organization with its army of door-to-door evangelists, is destroying countless lives under the guise of being the true witnesses of Jehovah. This book was specifically written for anyone planning to join, or for anyone desiring to escape, the clutches of the Jehovahs Witnesses Organization. Without knowledge, people will perish. Thank God for Pastor Harris years of up-close observation-now anybody can make an informed decision before being taken in by the great fraud.
