

Lies the Church Told Me About Marriage and Relationships offers an insightful and biblically sound consideration of what it means to cultivate a true Christian marriage, particularly in the aftermath of divorce. Written by a pastor who has himself experienced the tragedy of a failed marriage, this thoughtful work explores the common misperceptions perpetuated by teachings within churches and encourages believers to look ahead to the future with a new, God-centered perspective. Seeking a partner who attends church is not enough; even seeking another Christian is not enough. Here, Terrell Davis provides specific advice about what we need to consider in potential spouses and, perhaps more important, how we need to prepare ourselves to be ready for the gift God has prepared for us.
